WHAT YOU WILL SUBMIT TO SAKAI:

REQUIRED:

HW5 (R STUDIO PORTION): **SUBMIT TO HOMEWORK 5 ASSIGNMENT ON SAKAI**

- **HW5.RMD**
- **HW5.HTML**

BEFORE YOU START, DOWNLOAD THE FOLLOWING FROM SAKAI AND SAVE IT TO THE SAME FOLDER

(**RECOMMENDED: CREATE INFS 343 FOLDER -> CREATE A SUB FOLDER FOR HW5**):

Save the following files to that folder (your working directory folder):

- **R Markdown file:**
  - **HW5.RMD**
- **Data files:**
  - **LifeExpectancyData.csv**

Source: https://www.kaggle.com/datasets/kumarajarshi/life-expectancy-who/data

INITIAL STEPS:

1. Open R Studio
2. Set the working directory to the folder you saved the files above to
   a. all of the files must be in the same folder
   b. Set working directory: Session --> Set Working Directory --> Choose Directory ...
   c. Select the folder, hit open
3. The bottom right pane (file pane) should display the file names above. You can click on the RMD document from that pane to open it up. (or go to File > Open and choose the RMD file saved
   a. *Make sure the .txt extension has not been added to the RMD file name—if so, once you open the file, in the top left pane> go to the tabs where you can see the RMD file name > right click on the file name > rename > delete the .txt and it should convert the file back > save the file after*
   b. *Note: You will have a .txt file for the customer data set –that is okay, just check your RMD file for the .txt*
